Mission

Gateway Community Action Organization, Inc., provides comprehensive services that affords every citizen the opportunity to develop the ability to be self-sufficient, contributing member of society.

Vision

Gateway is an agency of excellence that embodies the spirit of community action through comprehensive services that facilitates positive change in the lives of those experiencing socio-economic challenges.

Philosophy

Gateway's philosophy is consistent with the founding principles of Community Action. "We are not in a struggle simply to support people, to make them dependent on the generosity of others. It is a struggle to give people a chance. It is an effort to allow them to develop and use their capacities, as we have been allowed to develop and use ours, so that they can share as other share, in the promise of this nation".
