

Gateway Community Action Agency serving the counties of Bath, Menifee, Montgomery, Morgan, and Rowan is soliciting HVAC/Electrical licensed contractors and general contractors for the Weatherization Assistance Program. This program is funded under The U.S. Department of Energy to reduce energy costs for low-income households by increasing the energy efficiency of homes while addressing the health and safety of the residents. Work performed may include energy system repairs and/or replacements and home energy conservation work. Contractors must be licensed and insured. Anyone interested more should respond by e-mail at info@gatewaycaa.org or by calling 1-800-927-1833 or 606-743-3133.
