The purpose of this packet is to provide families that are moving from our Head Start program to Kindergarten with valuable information. We work in collaboration with the school district to promote a smooth and seamless transition. A clear understanding of policies and expectations of the district will avoid anxieties that often accompany change. We encourage you to carefully review the packet in order to be well informed as your child moves to the next phase of their education.

Thank you for being a part of the Head Start program and we wish you and your family success in all your future endeavors.

A child's mind is not a container to be filled, but rather a fire to be kindled.~ D. Brande
