The purpose of this packet is to provide families that are moving from our Head Start program to Kindergarten with valuable information. We work in collaboration with the school district to promote a smooth and seamless transition. A clear understanding of policies and expectations of the district will avoid anxieties that often accompany change. We encourage you to carefully review the packet in order to be well informed as your child moves to the next phase of their education.

Thank you for being a part of the Head Start program and we wish you and your family success in all your future endeavors.

## Curriculum

The goal of the curriculum and instruction department is to enhance and improve every aspect of the instructional process by providing materials, instruction, and assistance for the educators and administrators of the Montgomery County School District. The focus is on assisting schools and assuring that all students are proficient and prepared for the 21<sup>st</sup> century. This department is responsible for curriculum, instruction, assessment, district and school improvement plans, professional development, textbooks, district and school report cards, gifted and talented services, and instruction for English Language Learners (ELL). We also oversee Title 111 funds, Read to Achieve grants, Math, Achievement Fund Grant, Arts and Foreign Language Grant, and leadership hours for administrators.

Montgomery County Schools, through the combined efforts of students, parents, community, and staff, seeks to provide a quality education in a safe environment that will ensure that students attain the knowledge, skills, and attitudes to become lifelong learners and productive citizens.

For more information contact Stephanie Harris 859-497-8770.

## Meal Services

## School Nutrition

Children need healthy meals to learn. Montgomery County Schools offer healthy meals every day, and breakfast and lunch will be served.

**Meal Prices are subject to change**

## Elementary Prices

- Breakfast Student-Free  
Adult-\$2.00 Extra Milk \$.45

- Lunch                      Student-Free  
                                     Adult-\$3.00

All schools use a computerized meal credit system to account for student meals and ala carte sales. In the event the meal prices change and there is a cost for meals parents/guardians are encouraged to pay in advance for food purchases using their own student's meal account. Each student has a pin number that recognizes their own personal account. Prepaying is encouraged to speed the meal transaction, allowing lines to move quickly and affording more time for eating their meals.

Checks should be made payable to "School Name-School Nutrition." Parents/Guardians are encouraged to pay for meals by check, thus reducing the chance that lunch money will be forgotten, lost or stolen. In the memo section of the check please include the student's name and account number.

You may also register your child at [www.mypaymentsplus.com](http://www.mypaymentsplus.com) to make online payments, check balances, or receive email notifications when account balance falls below a certain amount. The school ID number is needed to register your child and can be obtained by contacting your child's school or the school nutrition office. It is not the pin number that students use daily.

If you have any questions or need help, contact Sandy Jones at 859-497-8578.
